SmartDisc™

SmartDisc - the versatile antenna covering your needs

The SmartDisc antenna, a low profile mobile phone antenna designed to meet the industrial demands on high RF performance with multi installation capabilities. It's durable design and low profile makes it ideal to use where a discreet and reliable installation is preferred.

The SmartDisc antenna is a ground plane independent antenna enabling a wide range of installations on different materials, perfect for M2M applications.

- Excellent RF-performance
- Four band 900/1800/1900/2100
- Low profile and durable design
- Ground plane independent
- Multiple installation principles, hole and adhesive mount
- Ideal for M2M applications such as vending machines, power meters, forest machines and rugged vehicle installations
- Based upon Smarteq Wireless patented RF technology
- All versions RoHS compliant

Specifications

Electrical

Frequency	880-960/1710-2170 MHz	880-960/1710-2170 MHz		
Impedance	Nominal 50 ohm			
Polarization	Linear vertical			
VSWR	Low Band 3:1 @ 8 %			
	High Band 3:1 @ 27 %			
Gain	1dBd (3,15 dBi)			
Max power	10 W			

Mechanical

Mechanical			
Dimension	Circular 90 mm x Height 26 mm		
Weight	190 g		
Cable	2.5 or 0.5 meter RG 316 (not on all versions)		
Connector	SMA (m)		
Material	PC/PBT/Aluminum alloy		
Color	Black or white		
Water ingress	According to IP67 when installed		

Quality system

QS 9000, ISO/TS16949

Operation -40°C to +85°C

Environmental

Temperature

Other

DC-short antenna

Available versions

Hole mount Adhesive mount

Product No	Product	Color	Mount	Cable, m	Connector
707115	SmartDisc	Black	Screw	0,5	SMA(m)
707125	SmartDisc	White	Screw	0,5	SMA(m)
707122	SmartDisc	Black	Таре	0,5	SMA(m)
707126	SmartDisc	White	Таре	0,5	SMA(m)
707128	SmartDisc	Black	Screw	2,5	SMA(m)
707129	SmartDisc	White	Screw	2,5	SMA(m)
707130	SmartDisc	Black	Таре	2,5	SMA(m)
707127	SmartDisc	White	Таре	2,5	SMA(m)
707165	SmartDisc	Black	Screw	5,0	SMA(m)
707123	SmartDisc	Black	Screw	2,5	FME(f)

Accessories
